

Applications Guide - 2016 Refrigerants North American Price List - Honeywell Analytics

Use this simple reference guide to determine the right solution for any refrigerated industrial environment.

If your application includes:	We recommend:
<ul style="list-style-type: none"> Freezers Coolers Refrigerated Docks and related areas 	EC-F9-NH3-0/100-ATMOS-N1 Ammonia (NH3) (NH3), 0/100 ppm, ATMOS, NEMA 1 Enclosure Part no. M-509332
<ul style="list-style-type: none"> Processing Areas Washdown Areas Outdoors Rooftop Air Handlers and related areas Engine Room Detection, low level 	EC-F9-NH3-0/100-ATMOS-ST Ammonia (NH3) (NH3), 0/100 ppm, ATMOS, Stainless Steel Enclosure Part no. M-509342
<ul style="list-style-type: none"> Engine Room Detection, high level 	EC-F9-NH3-0/250-N1 Ammonia (NH3) (NH3), 0/250 ppm, NEMA 1 Enclosure Part no. M-600342
<ul style="list-style-type: none"> Vent Line Relief Monitoring 	IR-F9-NH3-0/2%-N1 AirScan™ Infrared Sensor, Ammonia (NH3) (NH3), 0/20,000 ppm, NEMA 1 Enclosure Part no. M-512345
<ul style="list-style-type: none"> Gas Detection System 	VL-F7-NH3-N4-LPA-MK Solid State Ammonia (NH3) (NH3) Vent Line sensor, Linear Pre-Amp, with mounting kit Part no. M-510000
<ul style="list-style-type: none"> Identification of leaks, incident response 	Digital Gas Controller HA71 in NEMA 4X Enclosure - 16 channel Part no. HA71N4 AirAlert-96d Gas Detection Controller - 96 channel Part no. AA96D-DLC
<ul style="list-style-type: none"> Working on a refrigeration system, ie. Draining oil, checking values, charging a system, incident response 	Portable Leak Finder EC-P2 (base unit w/accessories - Smart Cell not included) Part no. 10214 Ammonia (NH3) (NH3) 0 - 500ppm Part no. 10168 Ammonia (NH3) (NH3) 0 - 2,000ppm Part no. 10169
<ul style="list-style-type: none"> Occupied spaces 	Portable Personal Protection Monitor Ammonia (NH3) (NH3) 0 - 400ppm Part no. GAXT-A2-DL
	Notification Device Horn/Strobe 24 VD, 2 wire Part no. M-512790
